

PATHFINDERS OFF FROM BOSTON TOWN

Will Carry Munsey Historic Tour Route Along North Shore to Maine.

CAR AND EQUIPMENT IN FINE CONDITION

Boston Preparing to Give Cordial Welcome to Motoring Party.

BOSTON, June 22.—The pathfinders for the Munsey tour donned their khaki suits once more this morning, after a delightful rest in Boston, and struck the trail for Maine.

The path which it is proposed to follow is that indicated by the Touring Club of America, and passes along the famous North Shore, visiting such historically famous places as Gloucester and Salem, and touching at the sea towns further north.

Before leaving the city the E-M-F car carrying the pathfinding party toured about the city, visiting the most famous spots in this famous city. The scene of the Boston massacre, and the old State house, were among the places in the path of the trail blazers, which are of national interest.

E-M-F Car In Perfect Condition.

The E-M-F car was found to be in perfect condition when it was inspected at the local garage, not an adjustment being found necessary on it. The flags and hunting, however, were weather-beaten and almost destroyed, and they were replaced by new signs.

An escort committee met the car at the office of the Boston Journal this morning and escorted it to the place of interest. Afterward the committee showed the road to the pathfinding car for a distance of several miles.

Too much cannot be said of the interest which the tour has awakened in Boston. City officials, prominent automobile enthusiasts, and dealers expressed their pleasure that the tour should make a night stop here, and all are anxious that the contestants in the run should stop for a day, so as to partake of Boston hospitality.

Boston's Hospitality Praised.

The pathfinding party can vouch for the fact that this is of the highest quality, and the members of last year's Munsey tour will recall the pleasant day spent in this city when automobile clubs and private citizens vied with each other in making the short stay of the contestants interesting.

The standard equipment with which the car was fitted out before leaving Philadelphia is in excellent condition, the Jones speedometer being found an accurate instrument, and the other equipment worthy of praise.

The route leading out of Boston and running through the suburbs are of the finest kind. The information given to the pathfinding party as to the condition of the trail to be followed today indicates that it will be an excellent one.

PANIC IN STEERAGE; MANY ARE DROWNED

Officers With Revolvers Run Down by Frenzied Mob After Explosion.

ST. PETERSBURG, June 22.—There was a wild panic on board the steamer Russia at Jentotajevsk today when the tubes of the boiler were blown out, and many steerage passengers were drowned.

As the sound of the explosion echoed through the ship the officers ran about calming the passengers. They were able to reassure those in the first and second cabins, but could do nothing with the steerage passengers.

In spite of the efforts of the officers and the fact that a number of them drew their revolvers and threatened to kill the first man who tried to get to the boats there was a frenzied rush.

The steerage passengers were like wild animals in their fear, and dashed past the officers and their revolvers. They piled into a number of the boats, and when these had been filled to overflowing some of the passengers let go the falls.

No effort was made by the frenzied steerage passengers to lower the boats in any sort of order. The result was that the boats were upset as they struck the water, or filled instantly at the end of their drop.

Many of those in them could not swim, and in spite of the efforts at rescue by the crew these speedily sank from view. One stevedore was killed by the explosion and several hurt.

CURTISS' EARNINGS UNDER ATTACHMENT

MINNEAPOLIS, June 22.—Glenn H. Curtiss, who appears in the Twin Cities aviation meet here today, has been served with a writ of attachment, levying for \$5,988 against Curtiss' share of the receipts. H. B. Thearle, a Chicago promoter, who obtained the attachment, asserts that Curtiss is trying to conceal his earnings from creditors. Curtiss is to get 20 per cent of the gross receipts of the meet.

GOING TO ORIENT.

Preparatory to their departure for the Orient, to take up the work of the organization there, William Jessop, central department secretary of the Y. M. C. A. since 1907, and D. A. Davis, religious director for two years, will be tendered a reception tonight. Mr. Jessop will go to Calcutta, while Mr. Davis will serve as general secretary of the Constantinople mission.

OUTING FOR ORPHANS.

Little inmates of the Washington Orphan Asylum will attend the outing in celebration of the tenth anniversary of Capital Council, No. 25, Jr. O. U. A. M., to Marshall Hall, July 13. Athletic games and all sorts of sports have been arranged for by Secretary P. J. Rudasill. A baseball game will be played at 11 o'clock in the morning.

NEPHEW OF EARL MARRIES AMERICAN

Montague Eliot, Friend of Late King, Takes New York Girl for Bride.

LONDON, June 22.—Montague Charles Eliot, grandson of the third Earl of St. Germans, and nephew of the present earl, and Miss Helen Agnes Post, daughter of the late Arthur Post, of New York, and of the present Lady Barrymore, were married at St. George Church, Hanover square, today.

Lord Barrymore gave his step-daughter away. Among the guests were the Duchesses of Roxborough, Marlborough, and Somerset and a number of the most noted society women of England.

After the wedding there was a big reception in Lord Barrymore's house and the couple then left for their honeymoon on the continent.

Eliot was a close personal friend of the late King Edward. He will probably never gain a title, several persons standing between him and the Earldom of St. Germans.

IOWA HEADING LIST IN TARGET RECORDS

The honor of having the best target record in the United States navy belongs to the battleship Iowa with a score of 46,121. The South Carolina ranking second, and the Wisconsin third.

RESENTS DISCHARGE.

STAMFORD, Conn., June 22.—Objecting to being discharged by his own son, Elmer A. Temple went to the former's restaurant here and with a sledgehammer and hatchet broke the plate-glass windows smashed the covers of two ranges, turned on the water and flooded the place, and was trying to demolish the cash register when a policeman arrested him. Temple worked for his son until recently.

CUDAHY GIVES \$160,000.

CHICAGO, June 22.—Michael Cudahy, the packer, has given \$160,000 to Loyola University, the Jesuit institution on the North Shore, to found a school of science. Mrs. Henry De Jonghe gave \$135,000 last week, and the Bennett Medical College, which is affiliated, gave \$60,000. The Loyola is the old St. Ignatius College.
